

Offshore Wind Energy

Roadmap 21 GW

Including offshore grid routes

Legend

-  Offshore substation platform
-  High-voltage grid connection
-  Wind Farm Zones
-  Wind farms under construction
-  Operational wind farms
-  Cable and hydrogen route under investigation
-  Cable route under investigation
-  Hydrogen pipeline route under investigation
-  Cable route awaiting permit
-  Cable route final/under construction
-  Operational cable connection

Explanation

- Under investigation**
We investigate the route and how to build it.
- Planned**
The route has been decided and we are waiting for a permit.
- Final/under construction**
Everything is finalised and we are building the cable connection.
